

# Composting Class

Come learn about recycling and composting. Use your yard and kitchen waste to make soil that will help keep your plants healthy OR help us compost at Manor Farm. You can have a lot less to throw away and make soil that's good for your (or our) garden.

Each family will go home with a compost tumbler (worth about \$100) OR you can drop off your kitchen scraps with us at Manor Farm. Each class is limited to 15; more than one person can attend from a family, but each family will only receive one item.

**FREE** for Town of Huntington residents. Registration at least 24 hours ahead required.

## Class Details:

**Sunday March 8, 2026**  
**1:00 - 3:00 pm**  
**Manor Farm**  
**210 Manor Rd, Huntington NY 11743**
